EXPERIENCE

HD Supply, Atlanta, GA

10/2019 - Present

Associate Developer- DevOps

Admin of numerous platforms including eBiz landscape servers, Splunk, Jenkins, Atlassian tools, and MuleSoft

- Developed multiple Splunk apps for data ingestion, correct parsing/assignment of data, and created dashboards for SLT.
- Worked with many different teams to on-board and continuously help their integration to the Opsgenie Alert Management Platform.
- Responsible for deployments of MuleSoft applications and bi-weekly eBiz releases to stage and production environments.
- Developed numerous python scripts for outputting data to be ingested into Splunk.

Georgia Public Defender Council, Atlanta, GA

01/2019 - 05/2019

Team Leader

Effectively led a team to develop a new organization website for GPDC Contract Attorneys using Joomla based website and JavaScript for client-requested functionality.

- Successfully saved GPDC over \$20K in development costs for a third-party vendor and completed the project on time meeting all defined success criteria.

Supply.com, Atlanta, GA

05/2017 - 08/2017

Intern

Assisted in the design, planning, and execution of hardware asset relocation in support of the company's move to a new headquarters location.

- Effectively created network diagrams and asset inventory schedules satisfying due diligence requirements associated with \$100M e-commerce acquisition.
